## ITEM 7.01. REGULATION FD DISCLOSURE.

From time to time, including in its Annual Report on Form 10-K for the year ended December 31, 2011 (the Annual Report), Bank of America Corporation and its subsidiaries (the Corporation) have indicated that the Corporation may reclassify its business segment results based on, among other things, changes in its organizational alignment. In the Annual Report, the Corporation reported its results of operations through six business segments: Deposits, Card Services, Consumer Real Estate Services (CRES), Global Commercial Banking, Global Banking \& Markets (GBAM) and Global Wealth \& Investment Management (GWIM), with the remaining operations recorded in All Other. During the three months ended March 31, 2012, the Corporation changed its basis of presentation from six segments to five segments: Consumer \& Business Banking (CBB), CRES, Global Banking, Global Markets and GWIM, with the remaining operations recorded in All Other. The former Deposits and Card Services segments, as well as the Business Banking business, which was included in the former Global Commercial Banking segment, are now reflected in CBB. The former Global Commercial Banking segment was combined with the Global Corporate and Investment Banking business, which was included in the former Global Banking \& Markets (GBAM) segment, to form Global Banking. The remaining global markets business of GBAM is now reported as a separate Global Markets segment. In addition, certain management accounting methodologies and related allocations were refined.

The information contained in this Form $8-\mathrm{K}$ is being furnished to assist investors in understanding how the the Corporation's business segment results would have been presented in previously filed reports had such results been reported to reflect the realignment discussed above. This business segment realignment did not affect the Consolidated Statement of Income or Consolidated Balance Sheet.

Revised Supplemental Information to reflect the segment realignment is attached hereto as Exhibit 99.1. This Revised Supplemental Information is being furnished pursuant to Item 7.01, and shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall the Revised Supplemental Information be deemed incorporated by reference into any filings under the Securities Act of 1933, as amended.

## Exhibit A: Non-GAAP Reconciliations

## Bank of America Corporation and Subsidiaries

## Reconciliations to GAAP Financial Measures

(Dollars in millions)

The Corporation evaluates its business based on a fully taxable-equivalent basis, a non-GAAP financial measure. The Corporation believes managing the business with net interest income on a fully taxable-equivalent basis provides a more accurate picture of the interest margin for comparative purposes. Total revenue, net of interest expense, includes net interest income on a fully taxable-equivalent basis and noninterest income. To derive the fully taxable-equivalent basis, net interest income is adjusted to reflect tax exempt income on an equivalent before-tax basis with a corresponding increase in income tax expense. This measure ensures comparability of net interest income arising from taxable and tax-exempt sources.

In addition, the Corporation evaluates its business segment results based on return on average economic capital, a non-GAAP financial measure. Return on average economic capital for the segments is calculated as net income adjusted for cost of funds and earnings credits and certain expenses related to intangibles, divided by average economic capital. Economic capital represents average allocated equity less goodwill and a percentage of intangible assets. It also believes the use of this non-GAAP financial measure provides additional clarity in assessing the segments.

See the tables below and on pages 26-27 for reconciliations of these non-GAAP financial measures with financial measures defined by GAAP for the years ended December 31, 2011 and 2010, and the three months ended December 31, 2011, September 30, 2011, June 30, 2011 and March 31, 2011. The Corporation believes the use of these non-GAAP financial measures provides additional clarity in assessing the results of the Corporation. Other companies may define or calculate supplemental financial data differently.
