##### Hotels

Revenue for the current quarter under review increased by 17.7% to RM155.2 million from RM131.9 million, whilst loss before tax increased by 18.0% to RM18.7 million from RM15.9 million when compared to preceding year corresponding quarter. The increase in revenue was contributed by YTL Majestic Kuala Lumpur and Thermae Development Company Limited (“Thermae”), a subsidiary acquired on 31 January 2014. The increase in loss before tax was mainly contributed by a wholly owned subsidiary, namely Niseko Village K.K. due to lower unrealised foreign exchange gain on inter-company balances recorded in the current quarter following the weakening of Japanese Yen in the current year as compared to preceding year. Higher finance costs incurred also contributed to the increase in loss before tax.

For the current financial year, revenue increased by 39.1% to RM702.2 million from RM504.8 million recorded in the preceding year whilst profit before tax decreased by 99.7% to RM0.08 million from RM25.1 million recorded in the preceding year. The increase in revenue was contributed by YTL Majestic Kuala Lumpur, 3 Marriott Hotels in Australia and Thermae. Niseko Village K.K, YTL Majestic Kuala Lumpur and Thermae contributed to higher profit before tax but this was offset by a lower unrealised foreign exchange gain highlighted above, higher finance costs incurred and the losses recorded by Vistana Penang Bukit Jambul and Vistana Kuala Lumpur Titiwangsa as these hotels were undergoing refurbishment resulting in a lower profit before taxation recorded for the financial year.

##### Utilities

Revenue and profit before tax for the current quarter under review decreased to RM3,318.0 million and RM265.5 million, representing a decrease of 14.6% and 15.5% from RM3,883.4 million and RM314.1 million, respectively recorded in preceding year corresponding quarter ended 30 June 2013. The decrease in revenue and profit before tax were mainly due to lower units of electricity sold, lower revenue recorded for fuel oil trading and lower margin for retail contracts in multi utilities business division.

For the current financial year, revenue decreased to RM14,314.3 million, representing a decrease of 9.1% from RM15,744.9 million recorded in the preceding year whilst profit before tax increased to RM1,374.6 million, representing an increase of 2.5% from RM1,340.8 million recorded in the preceding year. The decrease in revenue was due to lower units of electricity sold coupled with lower electricity price as a result of lower fuel oil price recorded by the multi utilities business division whilst increase in profit before tax was mainly due to increase in price as allowed by the regulator and the strengthening of Great Britain Pound against Ringgit Malaysia recorded by water & sewerage division.

The Utilities segment contributes to 74.5% and 49.4% of the Group’s revenue and profit before tax, respectively.

#### **B4. Prospects**

##### Construction

The construction segment is expected to achieve satisfactory performance for the financial year ending 30 June 2015 as the construction contracts relate mainly to the Group's property development and infrastructure works.

##### Information technology & e-commerce related business

The outlook for the segment's performance in the financial year ending 30 June 2015 should be satisfactory, given that a significant portion of its revenue is derived from relatively resilient spectrum sharing fee income.

##### Cement Manufacturing & trading

Considering the Group's current level of operations and continued growth in the construction sector, the segment is expected to achieve satisfactory performance for the financial year ending 30 June 2015.

##### Property investment & development

This segment is expected to achieve satisfactory performance for the financial year ending 30 June 2015 through the property development activities undertaken by its subsidiaries.

##### Management services & others/Hotels

After considering the current market condition and the level of uncertainty in the global economy, the performance of these two segments for the financial year ending 30 June 2015 is expected to remain satisfactory.

##### Utilities

For the financial year ending 30 June 2015, the increase in generation capacity into the electricity market of Singapore would add pressure to both margin and sales volume for the current financial year for the multi utilities business (merchant) division. Nevertheless, this division would continue to strive to diversify beyond their core business into integrated multi-utilities energy platform with focus on customer service. The water & sewerage company operates under strict regulatory regime and has met all of its regulatory targets and is top of the regulator's league table for customer service. Hence, the management is confident of delivering its 2010-15 regulatory outperformance target. This division has a long term planning horizon to ensure that water resources are going to be available in the future. Despite the challenging market in the telecommunications industry, this business division is expected to continuously grow its subscriber base to generate higher revenue by introducing improved and innovative services to the market.

Taxation comprises the following:-

	<b>Current Quarter 30.06.2014 RM'000</b>	<b>Year To Date 30.06.2014 RM'000</b>
In respect of current period/year		
- Income tax	254,865	679,398

- Deferred tax	11,512	11,512
	<u>(102,243)</u>	<u>188,518</u>

The lower effective tax rate of the Group as compared to the Malaysian statutory income tax rate for the current financial quarter and financial year to date is mainly attributable to lower corporate tax rate regime prevailing in foreign tax jurisdiction and tax credits recorded by Wessex Water Group of RM190.6 million relating to the 3% staged reduction in the UK corporation tax rate from 23% to 21% with effect from 1 April 2014 and then to 20% with effect from 1 April 2015, substantively enacted on 2 July 2013 and a one-off prior year tax credit of RM101.7 million and deferred tax credit of RM165.7 million recorded as a result of an industry-wide agreement reached with Her Majesty's Revenue and Customs ('HMRC') for the re-categorisation of capital allowances from industrial building allowances ('IBA') into long life plant.

The agreement followed HRMC's decision under the UK Finance Act 2008 issued on 2 July 2008 to reduce IBA over the period 2008 to 2012 from 4% in the year 2008 to zero in the year 2012.

**(a) Corporate Proposals Announced and Pending Completion**

As at 27 August 2014, being the latest practicable date, there are no corporate proposals announced and pending completion, save for the following:-

- (i) On 14 June 2013, Pintar Projek Sdn Bhd, a 70% subsidiary of the Company and the Manager for Starhill Real Estate Investment Trust, now known as YTL Hospitality REIT proposed to undertake the following proposals:-
- (a) Placement of new units in YTL Hospitality REIT (“Placement Units”), at a price to be determined later, to raise gross proceeds of up to RM800 million to partially repay YTL Hospitality REIT’s borrowings and reduce its gearing level (“Placement”)
  - (b) Increase in the existing approved fund size of YTL Hospitality REIT from 1,324,388,889 units up to a maximum of 2,125,000,000 units to facilitate the issuance of the Placement Units pursuant to the Placement (“Increase in Fund Size”); and
  - (c) Increase in borrowing limit to 60% of total asset value of YTL Hospitality REIT and its subsidiaries, to provide Starhill REIT with the flexibility of funding larger acquisition opportunities through borrowings in the future. This flexibility will be essential in situations where potential acquisitions are made through bidding or tender process as raising finance through borrowings may be more expedient as compared to an equity fund raising via issuance of new units.

On 28 June 2013, the Company accepted the YTL Hospitality REIT’s conditional invitation to subscribe for the Placement Units of up to RM310 million in value (“Subscription”).

Unitholders of YTL Hospitality REIT approved the Placement and Subscription at the meeting of unitholders held on 11 February 2014.

On 14 May 2014 and 28 May 2014, an application was submitted by the Manager of YTL Hospitality REIT to the Securities Commission Malaysia (“SC”) and Bursa Malaysia Securities Berhad (“Bursa Securities”) respectively, to seek an extension of time of six (6) months from 30 June 2014 until 29 December 2014 to complete the Placement and Increase in Fund Size (“Extension of Time”). SC and Bursa Securities had vide their letter dated 23 May 2014 and 12 June 2014 approved the Extension of Time.

The Placement and the Subscription are now pending implementation.
