■ Progress of Second Three Year Plan

Maintain the profitability of core products and progress multi-product sales initiatives

1. Develop in-house infrastructure

Capital expenditure for supporting multi-product sales activities

Partition business

- ⇒(1) Introduce additional equipment for steel partitions at Shizuoka plant.
 - 2 Introduce new toilet booth production line at Venix plant.

Window shutter business

⇒ In addition to Shizuoka plant, Sanwa Shutter introduced new window shutter production line at Sanwa EX Niigata Plant and production has been started in April 2016.

2. Promote multi-product sales

Aim to establish new core business, following Shutter and Door businesses, through developing multi-product sales activities.

Partitions

- ⇒ Introduced aluminum partition "AP-3" and partition for evacuation places "Famipla".
- Residential & exterior products
 - ⇒ Introduced Luxury gate shutter "Sungate Sei sei Doh doh".
- Flood preventive shutter
 - ⇒ Flood prevention height: 2.5m (new) Successfully installed office buildings and subway stations.

3. Enhance group cooperative activities

Japanese business optimization

- Warehouse extension at Sanwa Tajima Saitama plant
- ⇒ Utilize distribution base for subsidiaries such as Showa Front.
- Showa Front introduced curtain wall products for low/medium height buildings
- ⇒ Strategic product for enhancing group cooperative activities.
- Introduced hands free system "Akimas"
- ⇒ Owner's entrance door key connected to all automatic devices in the apartment/condominium.

4. New legal inspection & report for fire-proof equipment

Legal inspection has been started since June 2016.

- Inspection request expected to gradually increase. We have been working on ensuring qualified inspection workers and supporters.
- Sanwa Shutter's sales organization enhancing maintenance service business (trying to explain what the legal inspection is and how to use shutters properly to the customers)
 - ⇒ 2016 Maintenance services order volume:

+11.3% vs. LY (forecast)

Grow the core business with enhancing profit base

1.ASD (Access Systems Division)

Already resolved production troubles and prepared measures for raw material costs hike.

- (1) Resolution of production troubles at Mt. Hope plant
- ⇒ Realized improvement of production efficiency driven by executing employee training plan effectively.
- 2 Fluctuation in raw material costs
- ⇒ 1H 2016 Material costs declined significantly vs. 1H 2015 and was big contributor for the achievement of ASD's profit plan. Expected to increase the material costs for the rest of FY2016 and in order to absorb that impact, ASD already implemented price increase initiatives.
- (3) Enhance sales channels
- ⇒ Enhanced Wayne Dalton's commercial sales channels and realized order volume increase in 1H 2016.
- **4** The status of new ERP introduction project
- ⇒ At ASD, introduction will be conducted with a phased approach.

2. Forward Integration Strategy

3. Expand transit door business (Horton)

- 1 Tampa Airport project (USA): Platform doors
- 2 Lima metro project (Peru): Metro platform doors

Establish foundation for profitable growth by implementing "NF3.0"

1. Expand fire proof doors into all EU markets

EU standardization of fire-resistance code will be partially started in November 2016.

- 1. The sales of new fire-resistance door, satisfied with new fire-resistance regulation, called "Premio Door" has been going well in German market.
- 2. Enhance production capability for new fire-resistance door at Brackenheim plant (Germany).

2. Expand industrial door business

Expand industrial door business through enhancement of production capability for Alpha products & dock equipment products.

- 1. Cross-selling volume between (existing) Novoferm and Alpha has been growing.
- 2. Waardenburg industrial sectional door plant (Netherlands) was closed.
- ⇒ Will make capital investment to enhance production capability at Alpha plant, in order to cover all EU markets.
- 3. In order to enhance production capability for dock equipment, mainly install at distribution centers, an addition additional building building is under construction at Poland plant (expected to start production in FY2017).
- 4. Acquired Norsud (France) in June 2016
 - ⇒ Develop service business in France, following Germany and Netherlands.

3. Gain market share of sectional garage doors

Gain market share with implementing differentiation measures for product & customer services

- 1. Implement short lead-time initiatives in Germany and France, in order to improve the level of customer services.
- 2. Introduced garage door order system, enable end-users to order products via internet.

|-------------------------------|---|---|
| Shanghai BaoSteel-Sanwa | Net sales was on plan. Operating income was lower than 1H 2015 due to having several unprofitable projects. | Both sales and profit expected to be nearly flat vs. LY owing to ensuring big Japanese-related projects as well as orders from Bao Steel Group. |
| NF Shanghai | Both sales and profit were down vs. 1H 2015 due to significant decrease in order volume affected by the temporary suspension of fireproof door license. | Temporary suspension Fireproof door license was restored in June end 2016. Revitalization plan, including sales organization enhancement and financial restructuring, is underway and aim for positive turnaround in FY 2017. |
| Vina-Sanwa (Vietnam) | Both sales and profit were up vs. 1H 2015 driven by increase in local projects and export business while decreasing Japanese projects. | Both sales and profit expected to be higher than LY driven by export business improvement and cost reduction efforts. |
| An-Ho Metal (Taiwan) | Sales was up but profit was lower than 1H 2015 due to higher depreciation costs and personnel costs. | Both sales and profit expected to be higher than LY driven by completion of several big and profitable projects in 2H 2016. |
| Sanwa Shutter (H.K.) | Both sales and profit were nearly flat vs. 1H 2015. As for sales, commercial building projects decreased due to decrease in foreign tourists whereas maintenance contracts increased. | Both sales and profit expected to be higher than LY driven by growing maintenance business partially offset by decrease in commercial projects affected by decrease in foreign tourists. |
| Dong Bang NF (South Korea) | Both sales and profit were higher than 1H 2015 driven by completion of profitable overseas projects. | Both sales and profit expected to be higher than LY driven by profitable overseas projects partially offset by decrease in domestic sales affected by slump in Korean construction market. |
