

FY 4/2025 (ending April 2025) Q3 Financial Results

February 28, 2025

RACOON HOLDINGS, Inc. Code: 3031 TSE Prime Market

Point (1)

Progress rate against this fiscal year's plan stands at 74.7% for net sales and 76.2% for operating income

We are making steady progress toward achieving a V-shaped recovery and highest profit this fiscal year

Point (2) Revision of results forecasts and dividend increase

Due to the booking of gain on investments in investment partnerships in non-operating income, we have revised consolidated ordinary income and net income attributable to owners of parent

In accordance with our dividend policy, the year-end dividend will be increased by 2 yen from the initial plan of 10 yen, resulting in 12 yen per share, and the annual dividend will be 22 yen per share

Dividend policy

The Group recognizes shareholder returns as a key management issue. While considering funding needs for business growth investments and strengthening our management foundation through internal reserves, we have set a basic policy of maintaining a consolidated dividend payout ratio of approximately 45-50%. In cases where extraordinary income or losses are expected, the dividend payout ratio is calculated excluding such extraordinary items.

Point (3) EC Business:

There are signs that average sale per buying customer for Super Delivery has bottomed out

In Q3, average sale per buying customer decreased by 0.9% YoY, with a significant reduction in the decrease rate, showing signs of bottoming out

YoY trend of average sale per buying customer after free plan introduction

Q2	Q3	Q4	Q1	Q2	Q3			
-10.1%	-12.4%	-12.1%	-12.2%	-7.0%	-0.9%			

As a result of continued steady growth in the number of buying customers both domestically and internationally, GMV for FY2025 Q3 reached:

Domestic: 14,752 million yen (+9.6% YoY),

International: 5,723 million yen (+13.7% YoY), and

Overall: 20,475 million yen (+10.7% YoY)

Progress has been generally steady

Domestic

With the abrupt transition from prolonged latesummer heat to sudden cold temperatures, demand for winter products increased, contributing to GMV growth

Average sale per buying customer for retailers, which hold a high GMV composition ratio, turned positive at +2.7% YoY, helping to reduce the overall decrease rate of average sale per customer

International

Despite the negative impact of the timing shift of the Chinese New Year, both the number of buying customers (+5.5% YoY) and average sale per buying customer (+3.8% YoY) increased, driving international GMV growth

In addition to the three main countries outside of Hong Kong (Taiwan, the U.S., and South Korea), the number of countries maintaining strong GMV growth continues to gradually increase

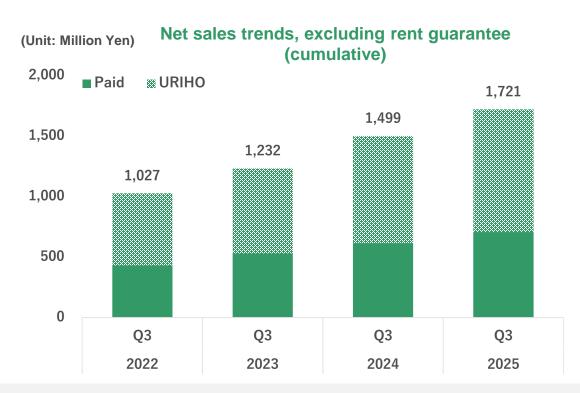

Point (4) Financial Business: Segment profit margin increased to 33.4%

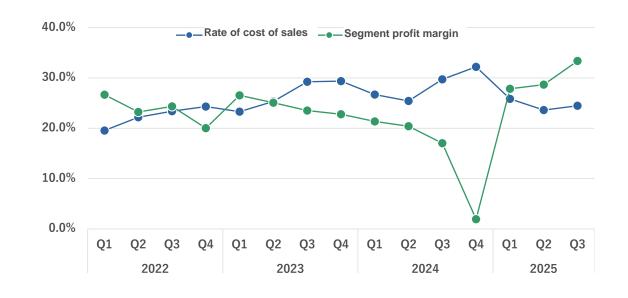

In FY 4/2025 Q3 (not cumulative), the segment profit margin increased to 33.4%

The rate of cost of sales has remained at a low level due to appropriate credit screening control, supporting the rise in the segment profit margin

Due to the exclusion of the rent guarantee business in Q3 following the completion of RACCOON RENT's share transfer, the net sales growth rate for the Financial Business in FY2025 Q3 (cumulative) was +4.6% YoY

Both Paid and URIHO continued to grow steadily, and net sales excluding the rent guarantee business achieved +14.8% YoY, marking double-digit growth
