

## **New Sales Office Opened in Nagoya** **Becoming the center of “community-based services” in the Tokai area**

FP Partner Inc. (Headquarters: Bunkyo-ku, Tokyo; Representative Director and President: Tsutomu Kuroki; listed on the Tokyo Stock Exchange Prime Market), has rebuilt the FP Nagoya Building as an important base in the Tokai area, creating an environment that will enable more efficient service provision. The building is scheduled to begin full operations on Monday, May 19, 2025.

### **At the center of “community-based services” in the Tokai area**

The first floor entrance has a high-quality feel.

In order to provide FP consultation services to customers nationwide, we have established six regional headquarters and 174 offices (as of November 2024) in 47 prefectures, and we provide support for FPs working in various regions. With this building reconstruction, we aim to improve the efficiency of our sales activities in the Tokai area and to improve customer convenience.

The FP Nagoya Building is located in the center of Nagoya City, in a location that is easily accessible from all over the Tokai area. On the first floor, we have arranged interview rooms with a high-quality feel that are designed to evoke the image of our Money Doctor Premier service, which offers a comprehensive range of financial services, and we will provide a space where customers can use our services with peace of mind. In addition, on the 11th floor, we have a café space where you can have a consultation with one of our financial planners while enjoying a relaxing view of the city of Nagoya. We also plan to hold various seminars on money and other topics here.

We aim to provide life plans that are suited to each and every customer, as well as “community-based services” that will be loved by the local community for a long time. From now on, we will make the FP Nagoya Building our new base of operations in the Tokai area, and we will also strive to contribute to the local community through the provision of financial services.

By having staff from multiple departments on site, we expect to improve operational efficiency.

The FP Nagoya Building is home to the Central Japan Area Department, the Aichi Branch, Nagoya Branch, Nagoyachuo Branch and Chubu Area Consulting Branch, which are bases for visiting financial planners, the Financial Business Office, which handles IFA-related work, and the Non-life Insurance Sales Section, which handles non-life insurance sales.

By bringing together multiple departments in a single location that can accommodate 300 employees, we can expect to see increased communication between employees, a better understanding of other departments, and more efficient operations.
