### **Notice Regarding Full Restoration of the Kanto 1st Plant**

EAT&HOLDINGS Co., Ltd. (the “Company”) hereby announces that the Kanto 1<sup>st</sup> Plant, which had been undergoing restoration work following a fire that broke out in December 2023, has now been fully restored as of April 2025.

#### 1. Overview

Fire broke out at the Kanto 1<sup>st</sup> Plant on December 6, 2023, and its production lines, including their structural components, sustained damage. As a result, although the Group’s annual production volume for the fiscal year ended February 28, 2025 remained at 37,867 tons, roughly the same as the previous year, a supply shortage continued throughout the year, significantly impacting business performance.

Partial restoration and resumption of operations of the gyoza and noodle lines for the Restaurant Business and the frozen boiled gyoza line for the Food Business were completed between February and April 2024, and full restoration of the remaining three damaged lines was completed in April 2025.
