[Note]

1. The above forecast figures are current ones calculated based on the assumptions in the attached document "Assumptions for the Management Status Forecast for the Fiscal Period Ending October 2025." The actual operating revenue, operating profit, ordinary profit, profit, distributions per unit (excluding distributions in excess of earnings) and distributions in excess of earnings per unit may differ from the above forecasts due to the acquisition or disposition of real estate, etc., change in the real estate market, etc., trends of interest rates and changes in other circumstances surrounding HRR, in the future. And the above forecast figures do not guarantee the distribution amounts.
  2. HRR may revise the forecast in the event that it expects discrepancies over a certain level from the forecast above.
  3. Amounts are rounded down, and ratios are rounded to the nearest specified unit. The same shall apply hereinafter.
2. Reason for Revisions
- In line with the acquisition of properties, the transfer of properties, the changes to lease agreements, etc. announced in the "Notice Concerning Asset Replacement Due to Acquisition of Domestic Real Estate and Transfer of Domestic Real Estate, and Changes to Domestic Real Estate Lease Agreements (Measures for Co-existence and Co-prosperity with Sponsor, etc.)" and the "Notice Concerning Acquisition and Lease of Domestic Real Estate, and Asset Replacement through Transfer of Domestic Real Estate" (collectively, the "Notices Concerning Acquisition of Assets, Transfer of Assets, Changes to Agreement Conditions, etc.") published today, as changes are expected in the assumptions for the forecasts of management status for the fiscal period ending October 2025, which were announced in the "Notice Concerning Revisions to Management Status Forecast and Distribution Forecast for the Fiscal Period Ending October 2025" published on March 18, 2025, forecasts have been revised.
- For details, please see the "Supplementary Explanatory Material for the Press Release Dated April 18, 2025" published today.

| <p>Note 1: Of the 70 properties that HRR owns as of today, 22 roadside type properties operated by Greens Co., LTD. (hereinafter "Greens") are referred to as "22 Roadside Properties," three properties operated by IHG-ANA Hotels Group Japan LLC are referred to as "3 ANA Crowne Plaza Properties," and five properties operated by Ishin Hotels Group Co., Ltd. are referred to as "5 the b Properties." The same shall apply hereinafter.</p> <p>Note 2: Fixed and other rents, and floating rent are, in principle, calculated based on the prescribed rent amount or calculation method applied during the relevant fiscal period pursuant to the lease agreement of the respective properties that HRR has entered into with the lessee. In addition, HRR may agree in the lease for each property to a fixed rent which is applicable only for a specified period and which is a fixed amount or an amount that varies in stages depending on the period, and if such an agreement is made, HRR will calculate the rent using such agreed upon fixed rent. Furthermore, floating rent is calculated based on actual figures of past sales and profits of each property, reflecting seasonal and other fluctuating factors.</p> |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |               |                                                                                                                                                                        |       |       |       |

In general, property tax, city planning tax (Only applicable assets. The same shall apply hereinafter.) and depreciable asset tax (Only applicable assets. The same shall apply hereinafter.) of the assets to be acquired are calculated on a pro rata basis with the previous owner and are settled at the time of acquisition. However, as HRR includes an amount equivalent to such settlement money in the acquisition cost, it is not recorded in expenses in the acquisition period. Accordingly, for the Hotel WBF Grande Asahikawa and Comfort Inn Niigata Kameda to be acquired on May 1, 2025, it is assumed that the property tax, city planning tax and depreciable asset tax for FY 2026 will be recorded as expenses from the fiscal year ending April 2026. Note that the total amount of property tax, city planning tax and depreciable asset tax to be included in the acquisition cost is anticipated to be 12 million yen.</li><li>• Building repair expenses are recorded as the amount estimated to be necessary based on the repair plans formulated by the Asset Management Company for each property.
