#### 1. Financial overview

Because the Group began providing consolidated financial statements starting from the end of the previous fiscal year, we have not conducted a comparative analysis between the period under review and the corresponding period of the previous year.

#### (1) Quarterly operating results summary

Despite a modest ongoing recovery, the economic outlook in Japan remained uncertain in the first nine months of the current fiscal year due to the impact of the uncertainty of international situations.

In such circumstances, the Group continued to proactively undertake initiatives to grow its SaaS business and increase perceived value for customers.

During the first nine months of the current fiscal year, our consolidated subsidiary ROC Inc. began selling the book "New Instagram Marketing Dissected: Why Those Companies Succeeded" in July 2025. In addition, we were certified in September as an official partner of Cybozu, Inc. in recognition of the performance of our solutions that link with Cybozu's kintone, namely, Cuenote SMS for kintone and Cuenote Mail for kintone.

The following is a summary of net sales by service type.

- Cuenote SaaS subscriptions (service usage) sales and software maintenance sales: recurring revenue

  In the first nine months of the current fiscal year, net sales were 2,098,648,000 yen due to continued implementation at more enterprise companies in addition to an increase in the number of deliveries, while the amount from fixed-term contracts at the end of the third quarter was 243,109,000 yen.
- Cuenote SaaS sales for newly contracted customers (that include the fees for initial use registration, customization, and proxy acquisition of security certificates, etc.) and software license sales (on-premise): one-time revenue

Given new SaaS orders, net sales in the first nine months of the current fiscal year were 33,096,000 yen.

• Social media operation outsourcing revenue, initial design fees for social media accounts, social media spot advertising, inhouse development support training, and lectures: recurring and one-time revenue

Consolidated net sales in the first nine months of the current fiscal year were 104,442,000 yen.

In light of the above, consolidated business performance in the first nine months of the current fiscal year resulted in net sales of 2,236,187,000 yen, operating profit of 462,908,000 yen, ordinary profit of 464,877,000 yen, and quarterly net profit attributable to owners of parent of 306,968,000 yen.

Please note that we have omitted segment breakdown information as the Group's messaging solution business is in a single segment.
