SKY Perfect JSAT Corporation

[Delayed] Notice of the Integrated Report 2026 Publication

SKY Perfect JSAT Corporation (Head Office: Minato-ku, Tokyo; Representative Director, President & Chief Executive Officer: Eiichi Yonekura) is pleased to announce the publication of its Integrated Report 2026, which is intended to promote constructive dialogue with shareholders, investors, and a broad range of other stakeholders.

Under our Group Mission, “Space for your Smile,” we are working toward sustainable growth by leveraging the assets of our Space and Media businesses while making new investments.

The report illustrates our value creation journey, connecting the value we seek to deliver in the future with the initiatives undertaken by each business and our current position. It also presents our management strategies aimed at achieving our FY2030 net income target of ¥35.0 billion or more, together with our initiatives related to human capital, governance, and sustainability.

We hope this report will serve as a starting point for further dialogue with our stakeholders. We will continue striving to provide transparent disclosures and enhance corporate value. We invite you to read the report.
